

Environmental Policy

CBAC Services Ltd is committed to the protection of the environment and realises it is of paramount importance in the process of our day-to-day business and the protection of our employees and customers. CBAC Services Ltd recognises that the design, installation, commissioning and maintenance of building services can have a significant effect on the environment.

At CBAC Services Ltd we accept responsibility to monitor and manage our business to comply with all relevant legislation and codes of best practice.

The following policy statement shown here, demonstrates our commitment in this area:

The Company will ensure that, as far as it is reasonably practicable, we will:

- Comply with the Environmental Protection Act
- Protect the environment insofar as it is affected by our activities
- Conserve natural resources and use recyclable materials wherever appropriate

To achieve this CBAC Services Ltd will:

- Introduce systems and procedures, which meet the requirements of the policy.
- Train as appropriate its workforce in current methods, practice and awareness of the need for environmental protection.
- Audit and monitor the systems and procedures.
- Maintain a forum for the exchange of information and views to keep abreast of the constantly evolving environmental issues.
